## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

---

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than 10 inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

Cash on Hand Dec. 31, 1964	_____

The Planning Committee has had four meetings this year and has suggested the following improvements to the Selectmen:

Removal of dead trees around band stand.

Installing window shades in Town Hall.

Putting benches on common for visitors and townspeople.

We have requested that articles be included in the Town Warrant on the improvement of toilet facilities in the Town Hall and the possibility of holding an Old Home Day Celebration in August of this year.

We are also working on plans for having folders made up to publicize the Town.

## WASHINGTON SCHOOL DISTRICT SCHOOL WARRANT

---

The State of New Hampshire

To the Inhabitants of the School District in the Town of Washington qualified to vote in district affairs:

You are hereby notified to meet at the Washington Central School in said district on the sixth day of March, 1965, at eight o'clock in the afternoon to act on the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass any vote relating thereto.
7. To choose agents, auditors, committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to authorize the School Board to make application for, and to accept on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire for the school year 1965-66.
9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and

the appropriation, which balance is to be raised by taxes by the town.

10. To see if the district will vote to place \$254.87 from the 1964 sweepstakes and \$1,080.00 from the 1965 sweepstakes in a capital reserve fund to drill an artesian well for the use of the school.

11. To see what sum of money the district will raise and appropriate for repairs and maintenance of the East Washington school building.

12. To transact any other business that may legally come before said meeting.

Given under our hands at said Washington this fourteenth day of February, 1965.

## SUPERINTENDENT'S REPORT

---

To the School Board and Citizens of Washington:

It is a pleasure for me to present my eleventh annual report for your consideration:

### Federal

It certainly is obvious to any property owner living in the State of New Hampshire, that the efforts of local school districts to provide educational opportunities to their children comparable to the demands of modern civilization, that education is an expensive commodity.

Education is no longer a little red school house operation as it was at the turn of the century. On the national level expenditures for education are second only to the Department of Defense with highways running a close third. Defense has always been a responsibility of the federal government. Since 1956 it has assumed 90% of the cost of the nation's major highway construction program. Is it time for state and local governmental units to look to the federal government for financial support for education in an attempt to ease the local tax burden? I know that some who read this will rise in horror at the thought and your judgments are respected, but this report is not an attempt to gather support for federal aid to education, but rather to advise you that it is already here in a small way and is destined to increase. Schools in this supervisory union are now receiving federal aid to: (1) support home economics teachers' salaries; (2) subsidize the noon lunch program; (3) to support the guidance program; and (4) to provide equipment for the teaching of science, math and modern foreign languages.

During the school year 1964-65 this aid will be extended to the teaching of English, reading, civics, geography and history.

It would not be surprising to see the Congress at the next session break through the impass between the public and parochial schools to enact legislation which will provide federal funds for school house construction, teachers salaries, and curriculum improvements. These are some of the things that President Johnson was talking about when he recently said, "I intend to put education at the top of America's agenda."

## State

For the school year 1964-65 the State of New Hampshire expects to spend 56 million dollars for public school education. The State Department of Education asked the legislature to reduce this expenditure by local tax payers by 10 million dollars in aid. Including the sweepstakes this was reduced to 7 $\frac{1}{4}$  million or 12.9% of the total needed.

For the school year 1965-66 it is estimated that 60 million dollars will be needed for public school education and the State Department of Education is asking that the legislature appropriate 13 million dollars or 22.9% of the local effort. When you read this I am guessing that it will have been established that the state contribution to the local effort will be less than 10 million dollars and equal to less than 15% of the need, and this will include the estimated four million from sweepstakes.

It is obvious that the state's effort is not keeping up with the expanding cost. The four million received from the sweepstakes will be less than the increased expenditures in the next fiscal year and what happens when the expected expenditures go from 60 to 65 million in the second year of the biennium?

There are those who feel that the state has no alternative but to find some new sources of income to more nearly accept its obligations to education as well as other state services. The state has the right and the obligation to set standards by which the schools within its boundaries shall operate but with it also goes the obligation to be more realistic in its financial support of its programs.

Each year the State Department of Education establishes the tuition rates that may be charged by local school districts based on the state average per pupil cost of the previous year. I submit these as an indication that a continuation of such growth would seem prohibitive for real estate revenues to support.

### State Average Per Pupil Cost

	High	Elem.
1960-61	\$399.00	\$262.00
1961-62	436.00	265.00
1962-63	457.00	279.00
1963-64	449.00	295.00
1964-65	467.00	311.00
1965-66	489.00	328.00

The above figures do not include transportation costs or that for capital outlay (debt service and new equipment). Therefore between 75 and 100 dollars should be added to each of the above figures to obtain a more accurate picture. Yes — education is expensive, but if there is a salvation of our country, education is going to be the cause of it.

### Local

Enrollment at the Central School as of October 1, 1964, was as follows:

Grade I - 0	Grade V - 9
Grade II - 2	Grade VI - 2
Grade III - 6	Grade VII - 4
Grade IV - 0	Grade VIII - 4

Total — 27

At Hillsboro-Deering Cooperative High School:

Christine O'Keefe - grade 9  
Milton Davison - grade 9  
Roland Davison - grade 10  
Marcia Dalphond - grade 10  
Howard Dalphond - grade 10  
Linda Davison - grade 11  
Susan Hadaway - grade 12  
Carroll Cilley - grade 12  
John Ashley - grade 12

At Newport High School:

Raymond Barker - grade 12  
Carl Barker - grade 9

It would appear that those graduating from the Central School would be equal to the number graduating from high school next June and therefore, reducing your budget for tuition due to a lowering of the tuition rate by Hillsboro-Deering.

Our noon lunch program, which incidentally is the smallest program operating in the state, continues to be successful because of many factors. First and foremost is the willingness of the voters to financially support the program with an appropriation. Secondly, those who are responsible for its fine operation — Mrs. Wenonah Babb, the manager, and Mrs. Dora Newman, who prepares the fine meals being served. Thirdly, Mrs. Miriam O'Keefe makes it possible for the program to serve milk by picking up the next day's supply and bringing it to school each evening. Last, but certainly not least, a great deal of appreciation is extended to Mr. Gilbert Williams at the Upper Village Store for his many

kindnesses in procuring and storing commodities for the program at little or no profit. We are also aided to a considerable extent by donations of food products from the federal government and receive a subsidy of five cents for each meal served from them.

Over the past few years we have been troubled by a water shortage situation at the school. We read of a continuing reduction of the water level in this country. It has been suggested that it may be time to give consideration to drilling an artesian well for the use of the school district and the town.

Again I wish to express my appreciation to all of the Citizens of Washington for their fine cooperation in the operation of their school.

Respectfully submitted,  
NORMAN R. HARTFIEL,  
Superintendent of Schools

## REPORT OF SCHOOL NURSE

---

To The Washington School Board:

I am submitting an account of the school nursing program for the fall of 1964.

The children received a physical examination by a physician, with notes sent home to the parents in cases which needed further care or medical attention.

The children's eyes have been tested.

Sincerely,

GAIL N. JOHNSON, R. N.  
School Nurse
